

So Abraham's adventurous quorum went out to see if they could capture one, and ask for a wish for his birthday.

They looked under branches where frozen rivers passed, then on top of, and behind frozen fountains,

In the north of Spain there is a story of Xanas which are really like girl trolls. They live near rivers and fountains, and possess super natural beauty

Then they came back under a bridge and found her. She promised the boys to give Abraham 1 wish for his birthday.

From your Quorum buddies
