

Being a role model for that  
younger generation, and really  
getting everyone engaged.

Being able to melt the cold  
shoulder treatment from girls  
once they get to know you.

This year's birthday we just wanted to share  
with you how much we've seen you grow.  
Executive leadership for one.  
Not everyone puts fruit on their plate.

And of course being able to reach oneness with  
God as you discipline your mind.
