

So what kind of candy do you think trilobites like for their parties? Rock Candy I think.

We should dig out a few of his friends, so that they could all celebrate a birthday party together...

And we all know trilobites love party games with water!

Happy Birthday RJ!

From your Quorum buddies

Gee, this would have been this trilobite's 520,000,000th birthday! That's a lot of candles...
